ABOUT ME

As Chancellor of SAM Global University, I strive to empower youth through quality education, employability, and entrepreneurship. An engineering postgraduate from MANIT Bhopal, I've dedicated my life to building SAM Group into a leading educational institution in Central India. I founded SAM Girls College in 1999 to promote women's education and continue to work for gender equality and youth empowerment. Through initiatives like SHIKSHA Foundation, Earn While Learn, and Skill India projects, I've helped train over 4000 youth and support women entrepreneurs. My mission is to inspire change, foster leadership, and create opportunities for a better, more inclusive society.
